Abstinence-only education vs. comprehensive sex education is a controversial topic that has been debated for many years. Christians have a unique perspective on this issue, as they are guided by the teachings of the Bible. This article will explore the differences between abstinence-only education and comprehensive sex education from a Christian perspective, and will provide a set of multiple choice questions, discussion questions, and FAQs to help readers better understand the issue.

What is Abstinence-only Education?

Abstinence-only education is a form of sex education that focuses solely on teaching students to abstain from sexual activity until marriage. This type of education does not provide any information about contraception or other forms of protection against sexually transmitted infections (STIs). It is based on the belief that abstaining from sexual activity is the only way to ensure that students remain safe and healthy.

What is Comprehensive Sex Education?

Comprehensive sex education is a form of sex education that provides students with information about contraception, STIs, and other forms of protection against STIs. It also provides information about healthy relationships and communication skills. This type of education is based on the belief that providing students with accurate information about sex and sexuality will help them make informed decisions about their sexual health.

Christian Perspectives on Abstinence-only Education vs. Comprehensive Sex Education

The Bible teaches that sex is a gift from God and should be reserved for marriage. This is the basis for the Christian perspective on abstinence-only education. Christians believe that abstaining from sexual activity until marriage is the only way to ensure that students remain safe and healthy.

At the same time, Christians also recognize that not all students will choose to abstain from sexual activity. For this reason, many Christians believe that comprehensive sex education is necessary in order to provide students with the information they need to make informed decisions about their sexual health.

The Bible teaches that sexual intimacy is meant to be shared between a husband and wife within the context of marriage. In the book of 1 Corinthians, it says, “But because of the temptation to sexual immorality, each man should have his own wife and each woman her own husband” (1 Corinthians 7:2). This means that sex is a gift from God that is meant to be enjoyed within the confines of marriage.

Furthermore, the Bible also teaches that sexual immorality is a sin. In the book of Galatians, it says, “Now the works of the flesh are evident: sexual immorality, impurity, sensuality” (Galatians 5:19). Abstinence-only education encourages individuals to avoid sexual activity outside of marriage, which aligns with biblical teachings on sexual morality.

Thank you for your love and for the gift of eternal life. In your name I pray, Amen. [Amen](#) [If you prayed the above prayers kindly click here to get more information](#)

Moreover, abstinence-only education can also help protect individuals from the physical and emotional consequences of premarital sex. In the book of Proverbs, it says, “For the lips of a forbidden woman drip honey, and her speech is smoother than oil, but in the end she is bitter as wormwood, sharp as a two-edged sword” (Proverbs 5:3-4). This passage suggests that while sexual temptation may seem alluring, it can ultimately lead to bitterness and pain
