Prenatal Development is the process of growth and development of a baby from conception to birth. It is a miraculous process that is guided by God's hand. The Bible speaks of the importance of life in the womb and the value of each individual life.

## I. The Miracle of Life

### A. God's Design

The Bible speaks of the importance of life in the womb and the value of each individual life. In Psalm 139:13-16, it says, "For you created my inmost being; you knit me together in my mother's womb. I praise you because I am fearfully and wonderfully made; your works are wonderful, I know that full well. My frame was not hidden from you when I was made in the secret place when I was woven together in the depths of the earth. Your eyes saw my unformed body; all the days ordained for me were written in your book before one of them came to be." This passage speaks of the miracle of life and how God is the one who creates and knits us together in the womb.

## **B. The Value of Life**

The Bible also speaks of the value of life in the womb. In Jeremiah 1:5, it says, “Before I formed you in the womb I knew you, before you were born I set you apart; I appointed you as a prophet to the nations.” This passage speaks of the value of life in the womb and how God has a plan and purpose for each individual life.

## **II. Stages of Prenatal Development**

### **A. Conception**

The first stage of prenatal development is conception. This is when the sperm and egg meet and form a single cell. This cell will then divide and grow into an embryo.

### **B. Embryonic Stage**

The second stage of prenatal development is the embryonic stage. This is when the embryo begins to form and develop. During this stage, the baby’s organs and body systems begin to form.

### **C. Fetal Stage**

The third stage of prenatal development is the fetal stage. This is when the baby begins to grow and develop rapidly. During this stage, the baby’s organs and body systems continue to develop and the baby begins to move and respond to stimuli.

**Salvation Prayers** : Dear Lord Jesus, I come to you today acknowledging my need for salvation. I confess that I have sinned and fallen short of your glory. But I believe that you died for my sins and rose again. I ask that you come into my heart and be my Lord. I commit to following you and living for you every day. Thank you for your love and for the gift of eternal life. In your name I pray, Amen. ### III. Christian Perspectives on Prenatal Development

#### A. Sanctity of Life

From a Christian perspective, prenatal development is a miraculous process that is guided by God's hand. Christians believe that life begins at conception and that each life is valuable and has a purpose.

#### B. Pro-Life

Christians are also pro-life and believe that abortion is wrong. They believe that life begins at conception and that each life is valuable and should be protected.

#### C. Prayer

Christians also believe in the power of prayer and that God can work miracles in the womb. They believe that God can heal and protect unborn babies and that prayer can make a difference in the life of an unborn child.

**Rededication Prayers** : Dear Lord Jesus, I come to you today with a heart of repentance. I confess that I have strayed from your path and have not been living according to your will. But I am here to rededicate myself to you and to make a commitment to follow you with all my heart. I ask for your forgiveness and for the strength and guidance to walk in your ways. I thank you for your love, grace, and mercy. I give you my all, my heart, my mind, my soul, and my strength, I trust in you and I pray this in Jesus' name, Amen. [Amen](#)
