When spiritual complacency sets in, it can be difficult to break out of it. But, thankfully, God is always ready to bring revival to those who are willing to seek it.

### What is Spiritual Complacency?

Spiritual complacency is a state of being in which a person is content with their current spiritual condition and is not motivated to seek further spiritual growth. It is a dangerous state of mind that can lead to a lack of spiritual vitality and a lack of commitment to God's will.

The Bible speaks of spiritual complacency in several passages. In Proverbs 1:32, it says, "For the complacent will be destroyed, but those who are diligent will be rewarded." In Isaiah 5:12, it says, "The complacent have no understanding; they walk about in the darkness." And in Hebrews 6:12, it says, "We do not want you to become lazy, but to imitate those who through faith and patience inherit what has been promised."

### The Dangers of Spiritual Complacency

When spiritual complacency sets in, it can be difficult to break out of it. It can lead to a lack of spiritual vitality and a lack of commitment to God's will. It can also lead to a lack of motivation to serve God and to share the gospel with others.

When we become complacent, we can become apathetic and indifferent to spiritual matters. We can become so focused on our own lives and our own needs that we forget about God and His will for our lives. We can become so focused on our own comfort and convenience that we forget about the needs of others.

## **How to Overcome Spiritual Complacency**

The first step in overcoming spiritual complacency is to recognize that it is a problem. We must be honest with ourselves and admit that we have become complacent. We must be willing to take responsibility for our spiritual condition and to make the necessary changes.

The next step is to seek God's help. We must pray and ask God to help us break out of our complacency and to renew our commitment to Him. We must ask Him to fill us with His Spirit and to give us the strength and courage to make the necessary changes.

## **The Power of Revival**

Thankfully, God is always ready to bring revival to those who are willing to seek it. Revival is a powerful experience that can bring about spiritual renewal and transformation. It can bring about a renewed commitment to God and a renewed passion for His will.

Revival can bring about a renewed sense of purpose and direction. It can bring about a renewed sense of joy and peace. It can bring about a renewed sense of hope and faith.

## **How to Prepare for Revival**

In order to experience revival, we must be willing to prepare ourselves. We must be willing to humble ourselves before God and to seek His will. We must be willing to repent of our sins and to turn away from our complacency. We must be willing

to open our hearts and minds to God and to His Word.

We must also be willing to take action. We must be willing to put our faith into action and to do the things that God has called us to do. We must be willing to share the gospel with others and to serve God in whatever ways He has called us to serve.

We must also be willing to be patient. Revival is not something that happens overnight. It takes time and effort to experience true revival. We must be willing to wait on God and to trust in His timing.
